

CITY OF MURRIETA

Stephanie Guiles
Temecula Valley Young Marines

June 9, 2008

Dear Stephanie:

On behalf of the City of Murrieta's Code Enforcement Department, I would like to extend my heartfelt gratitude to you for your exemplary work this past Saturday assisting us in the cleanup of the East Los Alamos area of Murrieta.

I have estimated that the Young Marines removed approximately 45 tons of illegally dumped waste, an amazing feat considering this was accomplished in approximately 4 hours!

Your group was well organized, staffed, and very efficient. As I moved from site to site, I could not help but observe your group's tireless efforts in restoring this blighted area. The actions of the Young Marines and their coordinated attack on the task at hand was witnessed by many people in the area, and I am still receiving calls commending your efforts at the site.

The Temecula Valley Young Marines set an example for all to follow. The values and discipline you instill in the young men and women in your charge will surely be cornerstones for successful lives and career paths.

Thank You again for your civic contribution.

Respectfully,

Jason Jones
Code Enforcement Officer
Murrieta Police Department
