Dear Mr. Guiles,

I'm writing to express my sincere appreciation for all the work you and Temecula Valley Young Marines have undertaken, and continue to undertake, on behalf of the Library of Congress' Veterans History Project.

This project cannot continue to reach the level of success that it has without the enthusiastic support and hard work of volunteer historians like yourselves.

I'm proud to have had the opportunity to speak with many Young Marines Adult Leaders and Young Marines from around the United States, and could not be prouder to be associated with such a fine organization.

On behalf of all of us at the Veterans History Project, thank you. I look forward to a continuing partnership with Temecula Valley Young Marines.

Sincerely,

Tim Schurtter
Program Officer
