

The National Executive Director

And the

Temecula Detachment 1057 of the Marine Corps League

takes pleasure in presenting the

Marine Corps League Commendation Award

to

The Temecula Valley Young Marines

for superior achievement as set forth in the following citation:

From 2003 through 2006, the Temecula Young Marines have acquitted themselves time and again through their complete and total dedication to the communities of Temecula Valley and Murrietta. Whether it was helping with the annual fire fighters appreciation day; the Father's Day Car Show and birthday celebration; supplying computers to a local foster home; or donating 2,500 books to their local library, these Young Marines were there to accept the challenge. The First Lady and Congressman both recognized the Temecula Valley Young Marines for their contributions to the victims of Hurricane Katrina. Dedicated to America's war veterans, these Young Marines participated in the dedication of the World War II Memorial in Washington, DC, and continue to participate in the many veterans-related activities in their community. Furthermore, these Young Marines traveled to Pearl Harbor Hawaii where they raised the American flag over the USS Arizona Memorial in a tribute to those who sacrificed their all on December 7th 1941. The Temecula Valley Young Marines were recognized at the Annual Adult Leaders Conference by being named Unit of the Year. The Temecula Valley Young Marines epitomize the very essence of the Young Marines program and are commended for their hard work and commitment to their community.
