Mr. Michael Guiles
Battalion Commander
31337 Huron St.
Temecula, CA 92592

Dear Mr. Guiles:

I wanted to write you today and personally thank you and the Young Marines for the outstanding job that you did at our "Kids First" Point of Grace concert this past Friday evening. The young men and women under your leadership performed with dedication and attention to detail each task that we requested of them. We have received numerous phone calls and emails complementing their performance.

Please convey to each of them that our event was very successful, and that in a large part was due to their efforts. As they performed their tasks, they were the representatives, the faces if you will, of our agency. We were blessed and honored to have them represent us so well.

It is our hope to have the opportunity to again work with the Young Marines in the future. Again, please share with them how honored and privileged we were to have them be a part of our event. Keep up the good work!

*"...and
whoever
welcomes a child
in my name
welcomes Me."*
